

BUILDING OFFICIALS ASSOCIATION OF GEORGIA

WHO ARE WE

The Building Officials Association of Georgia provides for the exchange of ideas and information in the building industry through seminars, conferences, and meetings. Through these, the organization addresses relevant issues of building safety, fire safety and code administration of both state and national interest

Each year the BOAG Educational Committee awards two scholarships to an entering freshman or upperclassman student that shows superior academic achievement and exhibits a financial need. The scholarship recipient is selected from applicants that are sons and daughters of active, retired, or deceased building department personnel of a municipal or county government which is an active member of BOAG.

WHY YOU?

We need the item/monetary donations to help raise funds for our scholarship programs and having the ability to host educational annual conferences for building officials throughout the state of Georgia. We use the items/monetary donations as part of our auction that we host during our annual conventions.

Donations accepted through April 22, 2022.
